What Makes Us Unique?

“ Bryan took time to get to know us and our style preferences. He not only made our ideas work, he made them better. Our addition blends seamlessly with the original house and the new kitchen is so beautiful, I literally feel like I am sitting in a magazine picture.”

- Megan P.

OUR FOCUS

Bryan Lee Builds is focused on producing quality custom homes and renovations that the company and the client can be proud of.

ATTENTION TO DETAIL

From the initial contact to project completion, we take great care to pay attention to all of the details of your project.

WE LISTEN

Listening to the customer is one of our keys to success - gaining a more complete understanding of your desires for the project.

SCHEDULING

A schedule is a necessity. Customer satisfaction and project quality are directly connected to a well constructed and well managed project schedule.

PERSONAL SERVICE

From start to finish, as the owner, you will have direct access to the project supervisor, which will be available to answer your questions and hear your concerns.

ONE-STOP

Life is very busy. Bryan Lee Builds bears the extra burdens of locating materials, subcontractors, permits, tradesmen, architects, etc. If there is a task directly related to your project, we take care of it, so you are free to live life as usual.

LOW IMPACT

The renovation process can be very messy. We take extra care to make sure that our work is confined to specific areas on your property. We also take time each day to clean the work area and make your home safe and presentable.

Testimonials

“ Our custom home is beautiful and turned out even better than we imagined!

- *Ryan & Lindsey W.*

“ The employees worked extremely hard to keep our home clean and dust-free throughout the entire process.

- *Debbie C.*

“ Bryan approached our project with a ‘can do’ attitude. Any time we had a request, even if we were asking for something that he usually does differently, he was willing to listen to us and look for ways to help us meet our goals.

- *Ronnie & Andrea C.*
